

Department of Earth Sciences: Geography Tenure-Track Position

The University of South Alabama Department of Earth Sciences invites applications for a full-time (9-month), tenure-track Assistant Professor position in Remote Sensing of the Environment, starting January 1, 2025. The successful candidate must have a Ph.D. in Geography or a closely related field at the time of appointment, but ABD candidates near completion of the degree will be considered. Experience in undergraduate teaching and an active research agenda are expected. The candidate will assume responsibility for developing courses in Remote Sensing and possibly additional related courses while contributing to the university's growing GIS program. The candidate selected for this position must meet eligibility requirements to work legally in the United States.

Review of applications will begin on September 9th, 2024, and will continue until the position is filled.

To apply, send a cover letter of interest, current curriculum vitae, a one-page research statement, and a one-page statement regarding teaching philosophy to the Search Committee Chairperson, Dr. Steven Schultze, at the following email address: schultze@southalabama.edu.

In addition, arrange to have three signed, original or pdf letters of reference sent to Dr. Schultze at his email address above or to the University mailing address below. Any candidate selected for a campus interview will need to arrange to have official graduate and undergraduate transcripts sent directly by the Registrars of all colleges attended to Dr. Schultze at the following mailing address:

Department of Earth Sciences
