

In recognition of the dedication of our USA employees, we are pleased to announce that Letitia Myers, Advancement Records Coordinator, in the Office of Development & Alumni Relations, has been selected as USA Employee of the Quarter for the third quarter of 2019.

Letitia has been described as a “difference maker” by taking the lead role in helping the division’s conversion and implementation of more than 210,000 database records to a new donor and fundraising database. She has handled it all with an exceptional level of professionalism, a can-do attitude, and a commitment to excellence that is beyond compare. Letitia encourages and motivates her staff to continue to excel and to keep the work of the division moving forward. She is enthusiastic about her work and is always willing to help with any project. Letitia’s willingness to work beyond the bounds of job descriptions and established processes to improve service for colleagues, alumni, donors, and friends of USA show her to be precisely the kind of difference maker on whom the “We Are South” brand is built.

In recognition of Letitia’s commitment to excellence, the presentation of this award took place at the Board of Trustees meeting, on September 13, 2019.
